

Contractors, Restorers, Tradespeople
Building Movers And Architects/Designers

Specialising In Heritage Projects
In The Markham (Toronto) Area

Prepared by;
City of Markham
Heritage Section

Last Update: January 2020
MASTER DIRECTORY

Contractors, Restorers, Tradespeople Building Movers And Architects/Designers

The following information provides a listing of those individuals or companies known to be working in the heritage field in the local area at the time of printing. Please note:

- The listing is not necessarily all inclusive;
- Being listed should not be perceived as a referral or recommendation by the City of Markham;
- The order of the listing is in no particular order or ranking;
- You are encouraged to obtain references.

You may also wish to review the Services Directory of the Canadian Association of Heritage Professionals (CAHP). Their membership is listed by specialization. You can view the directory at www.caphc.ca

Please remember to consult with Heritage Section staff before undertaking any exterior work on a heritage building or a building located within a Heritage Conservation District. Please ensure that all necessary approvals are obtained prior to starting work [i.e. Heritage Permit, Building Permit (Heritage) or Site Plan Approval (Heritage)].

Heritage Section
Planning and Urban Design Department

heritage@markham.ca

If you note any errors or would like to suggest a listing, please contact the Heritage Section staff.

Special Thanks

Heritage Section staff would like to thank those members of the local community and staff from adjacent municipalities who have provided information for this listing. In addition, many of the Toronto based listings were obtained from the Harbord Village Heritage Conservation District's Directory for Conservators and Restorers of Heritage Properties (Fifth Edition- Sept 2007).

Everest Restoration	Toronto, ON (416) 465-3989 toronto@everest-restoration.com	Offers DOFF and TORC Cleaning Systems DOFF- engineered system that utilizes a normal water supply to remove some of the more resistant forms of dirt or markings from a range of surfaces: paint coatings, some graffiti, bird/vermin fouling, algae/moss/fungi, wax coatings, bitumen/grease, all without causing damage or disfiguring to substrate. TORC – use of a revolving nozzle creating a gentle swirl vortex to offset the concentration of water and granular mix to remove carbon sulphation, lime/cement based paints, paint and plaster residues, some old oil based paints, oxidised bitumen, limescale and efflorescence.
