

NOTICE OF STUDY COMMENCEMENT

City of Markham Active Transportation Master Plan

Study Overview

The City of Markham is developing an Active Transportation Master Plan (ATMP). The ATMP will identify a well-connected and safe active transportation network and its implementation strategy. The ATMP will support walking, cycling, and other active modes as affordable and convenient alternative modes for different trip purposes and users of various abilities and ages.

The study is being conducted in accordance with the requirements of Phases 1 and 2 of the Municipal Class Environmental Assessment which is an approved process under the Environmental Assessment Act.

Get Involved!

Public input is a key component of the Markham Active Transportation Master Plan. Over the course of the study, two rounds of public consultation will be held. Consultation will include public information open houses, as well as pop-up events at various locations, and online.

Your input is important to us. The study team wants to hear your comments, ideas, and questions on the current state and the future of active transportation in Markham.

Please join our first public open house:

Date: Thursday, April 25, 2019 | **Time:** 5:30 p.m. to 8:30 p.m.

Location: Markham Civic Centre (101 Town Centre Blvd, Markham)

Includes **FREE** screening of the documentary film "Why We Cycle" full version (1 hour) at 6 p.m. and short version (15 minutes) at 7 p.m. & 7:30 p.m.
